

## Sexual Acquisition & Transmission of HIV Cooperative Agreement Program (SATH-CAP)

The Sexual Acquisition and Transmission of HIV Cooperative Agreement Program (SATH-CAP) (Website) is an infrastructure for research composed of a coordinating center, four university research centers, and four data collection sites in the United States and one in Russia.

**Mission:**

- Expand the knowledge based on the behavioral, biological, and environmental processes involved in transmitting HIV among and across drug-using population subgroups and in diffusing HIV from drug-using to non-drug-using populations.

SATH-CAP Coordinating Center  
RAND Corporation  
1776 Main Street, Room 3e  
Santa Monica, CA 90401-3208  
Martin Y. Iguchi, Ph.D.
