

Grants & Funding

- NIDA Program Announcements and Guidelines for Specific Grant Mechanisms: These are documents that let you know about areas of science for which NIDA wants grant applications and about methods ("mechanisms") for paying grant support.

- Requests for Applications: Documents that alert you of funding opportunities.

- NIDA Requests for Proposals: Documents that alert you to opportunities to compete for contracts.

- NIH Roadmap for NIDA Researchers: Specific NIDA Opportunities under the NIH Roadmap initiative.

- NIH Guide to Grants and Contracts: This on-line publication provides information on grants and contracts available throughout NIH.

- Research Training Opportunities: NIDA grants to help you develop research skills.

- Minority Applicants and Institutions: NIDA programs to assist minority researchers.

- Post-doctoral positions at NIDA Intramural Research Program (IRP).

- International Researchers: Grants to train foreign scientists and to support international research.

- Science Education Drug Abuse Partnership Award (SEDAPA) program.

- Small Businesses: SBIR and STTR programs.

- NIH Extramural Loan Repayment Program for Clinical Researchers.
